SKILLS

- **Languages:** C, Java (Basics)
- **Technologies:** HTML, CSS, Python Libraries
- **Databases/Tools:** MySQL, Git, GitHub, Figma
- **Soft Skills:** Effective Communication, Problem Solving, Team Collaboration, Time Management, Adaptability

PROJECTS

Final Touch - Smart Attendance & Security System | GitHub

Feb 2026 – Jun 2026

- Developed an integrated smart attendance and security system leveraging biometric authentication and location tracking to streamline attendance management and strengthen campus security.
- Implemented fingerprint and facial recognition to enable secure student authentication and automated access control.
- Integrated Firebase for real-time attendance and location data synchronization, supported by a centralized warden dashboard for monitoring student presence, attendance, and leave status.
- Engineered an emergency override mechanism with automated gate-lock control and alert functionality to enhance security and facilitate rapid response during critical situations.

Tech Stack: Python, Flask, HTML, CSS, JavaScript, Firebase

Travel & Destination Booking Website | GitHub

Sep 2025 – Nov 2025

- Developed a responsive travel website designed to simplify trip planning by providing destination-based access to essential travel and accommodation services.
- Implemented destination-wise hotel and restaurant discovery and booking functionality, enabling users to conveniently explore and reserve suitable options.
- Designed an intuitive user interface with organized destination information to provide a smooth and user-friendly travel planning experience.
- Integrated multiple travel facilities into a centralized platform, reducing the need to rely on separate services for accommodation and dining arrangements.

Tech Stack: HTML, CSS, JavaScript

TRAINING / INTERNSHIP

WNS Cares Foundation — Community Development Volunteer

Jul 2026

- Conducted cybersecurity awareness sessions for children in the local community, introducing them to safe and responsible digital practices.
- Educated students on essential topics such as online safety, privacy protection, secure password practices, and awareness of cyber threats.
- Developed practical experience in community engagement, teaching, communication, and spreading digital awareness.
- Received a certificate of participation/completion from WNS Cares Foundation for the community development initiative.

Herbamori — Sales & Marketing Intern

Jun 2026 – Jul 2026

- Contributed to the promotion and advertising of Herbamori's natural product portfolio, helping increase product visibility among potential customers.
- Engaged with prospective customers to communicate product information, understand customer interests, and support promotional activities.
- Gained practical exposure to sales strategies, customer engagement, product positioning, and marketing communication in a real-world business environment.
- Strengthened communication, interpersonal, and persuasive skills through hands-on involvement in product promotion and customer interaction.
